MORRISVILLE, NC, MAY 28, 2009: Tobacco Road Tours (TRT), a daily motorized guided tour service business is opening for guests. tour offerings, we are providing a valuable service to the leisure & business traveler". Ms. Lamont continues: "the Triangle area is rich in history, culture, diversity and has a wonderful landscape to enjoy". Mr. Kennedy states, "our tours are designed to be informative, insightful, value driven and FUN". Kennedy goes on to say, "the purpose of FUN is to have some".

While TRT delivers packaged tours, the company also provides customized tours based on clients needs and requirements. TRT works with all group sizes.
